Election Notes.

THE MAJORITIES GROWS.

The latest news from British
Columbia gives the action of three
more Government supporters, and it
appears there is a gain in New
Brunswick, another in Quebec, and
also another in Prince Edward Island.
Latest returns from Algoma report
a majority for Dawson, Conserva-
tive, with three polling places to
hear from, which are not likely to
change the result. Three gains count
six on a division, which, with the
four new ones elected increases the
Government majority to at least
thirty-two, though even a higher
figure is claimed by the Ministry.

A WAIL.

The Winnipeg Free Press sends
up a wail of agony because help
was sent to the Government. candi-
dates in the Northwest elections, to
aid them in working such large dis-
tricts. It has nothing to say, how-
ever, about those sent up for the
other side; that would be admitting
too much. That paper has become
too passionately partisan to be
honest. It must have known that
Mr. F. Lemieux, of the editorial
staff of Le Patrie, and Mr. Campeau
were sent all the way from Mon-
treal to Batheche to try to delude
the French half-breeds into voting for
Mr. Laird.

ALGOMA ELECTION.

DAWSON STILL AHEAD.

Port Arthur, March 7.—The
Manitowin majorities as far as heard
for Dawson are: Gore Bay, 34;
Barry Island 2, Mills and Campbell
2, Cockburn Island 42, Duck Islands
6, Kargeworn 11, Little Current 15,
Majorities for Burke—Manitowin-
gan 43, Shegungah 17, Sandfield
40, Bayfield 4, Allen 1, Mel-
drum 7, Providence Bay, Michael's
Bay and Bethwell are not heard from.
Rainy River gives Burke 6
majority, Fort Francis to hear from.

These figures reduce Dawson's
majority to 53. Taking the returns
from Otter Tail and Garden River
as given from Toronto it would fur-
ther reduce it to 30.

THE VICTORIA ELECTION.

Victoria, B.C., March 7.—The
Victoria election took place to-day.
Baker and Shakespeare, Conserva-
tives, representatives in the last
house, were returned. The vote
stood: Baker 621, Shakespeare
571, Humphries 357, Fell 321, Mc-
Callum, Liberal, 247, Robertson 179.
One outlying district of twenty
votes to hear from will not change
the result.

Victoria has always been repre-
sented by Conservatives. Capt. Mc-
Callum, in the present contest, being
the first Liberal to run in division
since its establishment. In 1882
the vote was: Barber, Con, 441,
Shakespeare, Con, 400, DeGomes,
Con, 298, Booth, Con, 241, Fell
Con, 153, Boyd, Con, 89.

NEW WESTMINSTER ELECTION.

New Westminster, B.C., March
7.—Complete returns give Chisholm
Conservative, 235 majority over
Trapp, Independent.

This constituency has always
elected a Conservative. At the
last election J. Boner, deceased
(Conservative), was returned by
acclamation. In 1878 two Con-
servatives ran.

Chisholm was again elected
conservative. Vancouver, B.C.

PERLEY'S POPULARITY.

Moosomin, N. W. T., March 7.—
The mass meeting here Saturday
ended in the utter rout of the
Grits. Mr. McNaughton was in
the chair, and the town hall was
crowded. Messrs. Perley and Dickie
spoke and were followed by Mr.
Cliffe, of Brandon, for Perley, and
Mr. Ryan for Dickie. C. H. Mac-
intosh closed the meeting. He was
enthusiastically cheered. On a
show of hands, one hundred and
fifty went up for Perley, and twenty
for Dickie.

DEPOSIT NOT LAWFULLY MADE.

St. John, N. B., March 7.—The
returning officer yesterday declared
Baird, Conservative, elected in
Queen's County, the deposit by
King, Grit, not having been legally
made. A protest has been entered.

WHITEWOOD.

—Messrs. Mackintosh, M. P.,
Daley, M. P. and Perley are not-
ified to address the electors here
shortly.

—We find that Dominion Lands
Commissioner Smith has directed all
applicants for seed grain in the
Montreal and York Colonies to ap-
ply to the agent of the M. & N. W.
Ry. at the terminal point of that
line, what a good omen! The
first effort of the new line is to
minister to the settlers wants.

—Mr. William McCaw of the
Pipstone district has been honored
with an illuminated diploma bear-
ing the autograph of the Prince of
Wales together with a bronze medal
for his contribution to the Inter-
colonial Exhibition, London, Eng.,
of last year of "prize No. 1 Red
Fife wheat." We congratulate Mr.
McCaw upon the great honor con-
ferred upon him and the fertile locality
of Sunnymead.

A fire which at one time caus-
ed great anxiety to the south popu-
lation of our town broke out in the
blacksmith shop of Mr. Miles Mc-
Arthur. The blizzard from the
South-east was just rising when the
fire was discovered in the upper
story of the building, access was
gained to it but the smoke was too
dense for any one to approach near
enough to quench with buckets of
water the seat of the origin of the
fire. There is no hose in White-
wood or the property could have
been saved, as it was the fire had to
take its course with the main build-
ing; the adjoining one was broken
down and roped away in sections be-
fore the flames reached it. The store
of Marshallsay & Knowler, and
Marshallsay's Law office being di-
rectly opposite, were in great danger,
but the strong current of the blast
down the street blew the flames
North-westerly in the direction of
Dan Hunters' new Woodbine Hotel
everybody was on the alert and the
flames were kept in bounds. The
sufferers are William Street, the
owner of the property, and Miles
McArthur blacksmith, the lessee,
and Thomas Cummings & John Mc-
Leod carriage builders, sub-tenants.
There was no insurance on the
property.

Mr. Foster states that the govern-
ment will not change its attitude
on the fisheries question, and will, if
no arrangement is effected, take
steps for more effectively guarding
the coasts and protecting fishermen
during the coming season. He also
considers the entry of Newfound-
land into Confederation not unlikely,
the reputation over the disallowance
of the last act having aroused a
strong feeling in that direction.

The Imperial Government has
disallowed the new Bill, 15th passed
by the Newfoundland Legislature.

WOLSELEY COUNCIL.

The Council reassembled at Sun-
nyside on Saturday, March 5th, 1887.
Present.—The chairman, Councillors
Marlin, McPail, Mann and Fleming.
The chairman took the chair at
11 a.m.

Coun. Marlin applied for the grant
of a sum of \$30.00 for the purpose of
clearing road allowances between
sections 34 and 35, township 15, range
10, and between range 9 and 10.

The above amount was granted on
the motion of coun. Mann and Mc-
Pail.

Coun. Mann drew attention to the
state of the dam across Doohyey's
coulee and the necessity for fitting
the same with a means for the escape
of water.

The matter was ordered to stand
over till next council meeting as it
was considered nothing could be done
till the water broke.

Coun. Simmons took his seat at the
board.

An application was made by the
mill contractors for a temporary al-
lowance pending receipt of the govern-
ment grant which was delayed in
consequence of legal formalities.

On the motion of couns. Marlin and
Simmons, the chairman and coun.
Simmons and Mann, were appointed a
committee to investigate the security
offered by the contractors, and if such
security be found satisfactory it was
agreed to advance the sum of \$750 to
pay freight on machinery.

The auditors' report having been
brought up and read.

It was moved by couns. Fleming
and Mann, that the report be adopted
as read. Lost.

Moved by couns. Marlin and Mc-
Pail, that the auditors' report be
accepted with the exception of the
clause relating to unauthorized ex-
penditure. Carried.

The following accounts were passed
and ordered to be paid.

ing to \$6.91 were directed to be re-
funded to the parties entitled thereto.
The collector reported that he had
in error paid a sum of \$249.16
school taxes to the general fund.

An order was issued on the Treas-
urer for the transfer of this sum to the
credit of the school fund.

The following by-laws were read a
first and second time.

A by-law authorising the borrowing
of a sum of \$750.

A by-law remitting certain taxes.

A by-law amending by-law No. 21.

The above by-laws having been
considered in committee coun. Marlin
in the chair, were by the unanimous
vote of the council read a third time
and passed.

The council adjourned to meet
again at Wolseley on the second Sat-
urday in April.

MOUNTAIN ACCIDENT.

Owing to a break in the wires, in-
formation has only been received of
a disaster that occurred last week
in the mountains. The dispatch is
from Donald, dated March 2nd, and
says:

On Saturday evening last the rain
began, and a general thaw commenced
which lasted until Tuesday morning.
On Monday during the rain the snow
plough gang, superintended by Mr.
Green, set to work to clear the track.
While passing the cascade a terrible
snow slide occurred at a spot un-
marked by snow slides. It caught
the train, upsetting it, covering it with
snow. A rescue was at once begun.
Six persons were taken out dead and
two rescued alive. Mr. Green, the
superintendent of the snow-plough
brigade, was among the killed. He
left a wife and two small children
to mourn his loss. Mr. Thomas Steer
and Wm. Ryan are also among the
dead. The names of the five unrescued
miners are unknown at present.

THE PARTIES.

In considering the standing and strength of the two great political parties of the Dominion at the present time, due regard must be had to their composition. We have on the one hand a Ministerial or Conservative party, which possesses at least the elements of cohesion on several vital principles. They are a unit on the National Policy, and the consolidation of Confederation by a bold and fearless development of the resources of the country. Their ranks contain very few, if any, of that class of public men who have no fixed principles and are constantly wavering between this and that view of public questions. In the recent contest in the older provinces the Conservative party obtained good majorities in all the large English speaking provinces, and their following in Quebec is composed of the more stable and better class of public men who are not easily moved by sectional or factional influences. The Ministerial party therefore possess elements of strength, and though their majority was reduced, and it was well for the country that it was, they are in a good position to carry on the affairs of the Dominion. On the other hand we find the Opposition composed of a motley conglomeration, who are Liberals in one province, Reformers in another, Radicals in another, secessionists and annexationists in another, and something else somewhere else. Some of them are protectionists, others free traders, others favor a revenue tariff, but their chief characteristic is that they have no fixed policy at all. They are in a minority in all the English speaking provinces except Prince Edward Island, which only returns six members. In Quebec the party claims a majority, but so do also the Ministerialists. Suppose it were admitted for the sake of argument that the Government has only the number of supporters that is conceded to them by the most extravagant Opposition claims, that is not evidence that the other members are of a class that can be relied upon to unite with a party against which many of them have been heretofore opposed. Surely intelligent Reformers cannot conceive of a party governing the country which is made up of a majority from Quebec and the small province of Prince Edward and a minority in all the others. Such a state of things is a practical impossibility. The truth of the matter is however, that the Ministerialists have as good ground, if not better, for claiming a majority of the members elected in Quebec as the Opposition have. Such being the case, and in view of the solid majorities

from the other provinces, we believe there are hundreds of Reformers in the Northwest who will poll their votes for Government candidates, and in doing so they need not change their political views, but simply place country before party. On behalf of the Northwest we therefore appeal to all intelligent and dispassionate Liberals to help to swell the majorities of the men who are in accord with the Government, and will thus be in a position to advance our country's interests.

STAND BY THE COUNTRY.

Next Tuesday the electors of the Northwest will have an opportunity of recording their votes for the candidates of their choice for the House of Commons. They will, no doubt, exercise their franchise as in their estimation will be for the best interests of the country. It is not our purpose to advocate, but rather to deprecate, extreme partyism. The ultra Opposition press and its supporters and believers are deluded, or pretend to believe, that the parties were so evenly divided in the recent elections in the east that the representatives sent from the Northwest will hold the balance of power, and for that reason are doing their utmost to prevent the election of men who are at all friendly to the Government. This is a great mistake, because the weight of evidence goes to show that the Government already has a good working majority, and therefore it would be unwise to send an out and out opponent to represent a Northwest constituency, as a friend of the Government could approach its members with confidence, and there would be greater freedom of consultation in reference to legislation affecting our interests. From this standpoint, it is difficult to understand why such a bitter Opposition fight is being made in all the Northwest districts. They certainly cannot hope for success in any one of the four. The only reasonable explanation that can be given is a purely party one. The Reformers were lead to believe that the Government would be defeated and therefore organized and nominated candidates in their interest. Having done so they are now working, and that too with might and main, to give their nominees as large a vote as possible. This, of course does not apply to those Reformers who will on Tuesday vote for Government candidates, and it is a satisfaction to know that there are many of them. Those who are spending time and effort in support of the Opposition candidates can only hope to show their leaders in the east the extent of their strength and form a basis for future work. In doing so they are placing party before country, and are not in accord with the Hon. Alex. Mackenzie, one of their most eminent men, who, when accepting the Reform candidature for East York, warned those who had nominated him that when the interests of the party conflicted with those of the country, he would stand by the country. That it would be for our best interests to elect supporters of the Government, must be admitted by all except the postulated partizan, it is therefore to be hoped the great majority of the people will uphold their own best interests, forgo on party for the time, and send down to Ottawa men who will be in a position to do something for the country.

Vote for Mr. Perley, a friend of the Government, but of such independence as to best represent NORTH-WEST INTERESTS.

A LAST WORD.

We would urge the friends of Mr. Perley to continue in the effective work that has already been done to secure his election to Parliament. Good reports have been received from every part of the district. In some of the polling divisions his supporters number five to one, and in others he expects good majorities, and even in Mr. Dickie's own polling division, that gentleman will probably be in a minority. If a full vote is polled Mr. Perley will be elected by a large majority. Though his election is considered certain, it will not do to be overconfident. Earnest and incessant work is necessary till the last vote is polled. Let not your opponents gain any advantage by the indefatigable efforts they are making to elect their man. Victory is ours if the requisite work is done, therefore let us secure it, and roll up a big majority for Mr. Perley. The bigger vote we give him the more it will strengthen his hands to work for the interests of the district.

VOTE FOR PERLEY AND THE NORTH-WEST.

AN INDEPENDENT OPINION.

The Toronto Week gives its opinion on the result of the Dominion election as follows:—
"At the time of our writing, though the full returns are not in, it is pretty clear that the Government has been sustained by a reduced majority. This was the result we expected, though we did not venture on prediction. The Government majority was too large to be wiped out by anything short of a complete revolution of sentiment, and, except in Quebec, there was nothing by which a complete revolution of sentiment could be produced. Mr. Blake, as we have often remarked before, to the annoyance we fear of his devoted supporters, had no definite policy to offer to the people. Riel, whether justly or not, has been hanged, and the Rebellion with its causes, however discreditable to the Government, it is a thing of the past. To induce the people to turn out to the Ministry, it was necessary to show them that they would be substantially the gainers by the accession of their rivals to power. This Mr. Blake did not attempt to do, except in the way of those general promises of purity in place of corruption, by which the people are moved much less than might be desired. Had he been bold enough to confront the N. P. with Commercial Union he would have appealed, like the authors of the N. P., to the sense material interest, and very likely with effect. As it was, he merely gave a faltering adhesion to the N. P., whose friends naturally preferred for the guardianship of its parent to that of a late and wavering convict. By the intrigue, for it was nothing else, with Rielism, condemned as it had been by Mr. Blake's own previous utterances, a certain number of votes might be gained, but others were sure to be lost. The Government majority, though reduced, seems likely to be large enough for the retention of power. Its reduction is a great gain, since nothing can be worse than Party Government without an effective Opposition, such as we have had for the last eight years. Some check, at all events, will henceforth be put upon corruption. The commercial greatness of Toronto will, as usual, be most inadequately represented. The defeat of the Labor candidates was inevitable. It is to be hoped that hereafter some better means to give the wage-earning class a special spokesman will be found."

VOTE FOR PERLEY.

It is understood that the recommendation of General Middleton that volunteers actually under fire during the late rebellion be granted a clasp has been favorably considered by the government.

"Before the election the shrewdest judges thought that the Government majority would be twenty. It will be thirty at least, and probably more. This is too much for the public good, which, if we are to have party government, requires that there should always be a strong Opposition, and certainly not least when, as we know from signal and repeated disclosures, there is great and constant danger of corruption. But it was sure to be so. Mr. Blake, during his nine years of leadership, has shown great alacrity as a speaker; but he made no way; and he has made no way because he had no substantive policy. This is his really fatal defect. He could do very well without the magnetism, lack of which is commonly said to be his weak point. Neither Peel nor Cavour liquored up with his followers, or slapped them on the back. Peel, in fact, was singularly cold, and the same may be said of Lord Russell, who was also a successful leader. As regards manner, it is enough if a leader is dignified and courteous. The essential thing is that he should lead. Mr. Blake criticizes with force, and we are glad to think that we have his voice of power, supported by a character of unquestioned purity, as a check on evils which would otherwise ride rampant. But he moves on no definite line; he offers to the people no intelligible inducement to put the government into his hands. More angling for this or that Vote is poor work, and generally fruitless. Even if you are successful you lose almost as much as you gain. By moving resolutions in favour of Irish Nationalism you may, perhaps, gain the Irish; but you lose at the same time all those English who, though not so loud in their demonstrations as the Irish, are unwilling to see the influence of the Canadian Government used for the gratification of Irish hatred against their Mother Country; while even the Irish know your motive too well, and owe you too little gratitude to be very trustworthy adherents. By sacrificing Liberal principles to Roman Catholic separation and ascendancy, you may gain for a moment the favour of the priests and their liegemen, but you lose probably an equal number of disgusted Protestants, and in this case again are treated merely as a tool by your confederates of an hour. The alliance with Rielism was surely a fatal blunder. Its character could not possibly be mistaken, when it had been condemned in advance, and in the most telling language, by Mr. Blake himself, who, in embracing it, must plainly have yielded, not to his own convictions, but to the voice of the tempter. It was perfectly gratuitous, since the revolt of Quebec nationalism against the Government which had hanged Riel would have taken place, and have given Mr. Blake such strength as it was capable of giving, without any intervention on his part, while by connecting himself with it he could not fail to incur intense odium among the Loyalists of Ontario.—The Week.

Parliament has been called to meet on April 13th. It is expected that after the first debate that will occur on a vote of want of confidence in the Ministry, and which will definitely decide the Government's majority, that the business of the session will be rushed through as speedily as possible in order to bring it to an early close.

QUEEN VICTORIA'S JUBILEE.

By JOHN LAMBE.
Our noble Queen, all hail!
(In this thy Jubilee;
True hearts shall never fail
To love and honor thee.
Chorus—Victoria, to thee!
From loyal hearts and true
At this glad time,
From every clime,
Come shouts of Jubilee!

From every land on earth
Thy sons send greetings full,
And proudly own their birth
Beneath thy sovereign rule.
Chorus.

In many scenes of life
Our hearts round thee entwined;
As mother, Queen, or wife,
Thy virtues none can find.
Chorus.

Let rebels point with scorn
Or coward quail with fear,
Thy true sons, British born,
In memory lead thee dear.
Chorus.

God spare thee many years,
In trouble send relief;
At last a nation's tears
Shall wet thy grave in grief!
Chorus.

ADMIRAL FARRAGUT.

Rev. A. Andrews in his sermon the other Sabbath evening, gave the following incident and we produce it here as an example to young men:—

Not long before his death this well known American officer was seated at Long Branch and joining some personal friends, an account of his early life, among other remarks he said:—

"My father went down on behalf of the United States government to put an end to Aaron Burr's rebellion. I was a cabin-boy and went along with him. I could swear like an 'old salt,' I could gamble in every style of gambling. I knew all the wickedness there was at that time abroad. One day my father cleared everybody out of the cabin except myself, and locked the door. He said, 'David, what are you going to be?' 'Well,' I said, 'father I am going to follow the sea.'—'Follow the sea, and be a poor miserable drunken sailor kicked and cuffed about the world and die of a fever in a foreign hospital.' 'Oh no,' I said, 'Father I will not be that. I will tread the quarter deck and command as you do.' 'No David,' my father said, 'no, a person that has your principles and your bad habits will never tread the quarter deck and command.' 'My father went out and shut the door after him, and I said then I will change, I will never swear, I will never drink again, I will never gamble again—and gentlemen, by the help of God I have kept those three vows to this time. I soon after that became a Christian and that decided my fate for time and eternity.

Vote for Perley.

A cablegram to the Globe says that the statement is current in London, and made on good authority, that Hon. G. A. Kirkpatrick will temporarily succeed Sir Charles Tupper as High Commissioner till Sir John Macdonald is in a position to hand over the leadership of the party to Sir Charles. Hon. Thos. White states there is no foundation for these reports.

Montreal Star (Independent): The Conservative Government has won another victory at the polls. The fight was a stubborn one all along the line and there were gains and losses on both sides, but the general result is that Sir John A. Macdonald's Government has been sustained by a reduced majority. The country is to be congratulated that the policy which Sir John and his colleagues have pursued steadily and firmly for the last nine years and which has been productive of so many and such great benefits to Canada has once more been approved by the people at the polls.

The Great Agricultural and Family Journal

of the Northwest, a handsome, vigorous

QU'APPELLE.

—See advertisement of pure Red Fyfe seed wheat.

—Qu'Appelle Masonic Lodge met on Tuesday evening last.

—The municipal council met on Saturday last; minutes next week.

—Mr. J. F. Guerin, Dental Surgeon, of Whitewood, is in town, at the Queen's.

—Rally to the political meeting in the immigrant building this afternoon at 14 o'clock.

—Enquiries are made for houses to rent, and there are none to be had in town. Who will be the next to build?

—A meeting of the Qu'Appelle Cricket Club is called for Saturday afternoon next in McLane's hall, at 15:30 o'clock, for the election of officers.

—The excitement of an election contest has become the normal condition of Qu'Appelle. The Dominion election is not yet over but already we hear talk of an election for the Northwest Council or Legislature.

Mr. Norman McDougall's daughter Margaret, who went blind in July last, recovered her sight on the 25th ult. after bathing her eyes with whiskey for a few days.—Vidette. "The crater" really is some use outside of the stomach.

—The Conservative ward committees will meet at McLane's hall on Saturday afternoon at 14:30 o'clock. Parties who are willing to volunteer teams to bring voters to the poll on election day for Mr. Perley are requested to hand in their names to the Secretary.

—A public meeting in the interests of the temperance cause will be held in the Immigration Building (we believe) on Monday evening, March 21st, at 20 o'clock, under the direction of the Royal Templars of Temperance. Our townsman, Mr. G. H. V. Pulya, will be chairman. Mr. G. C. D. Edmunds and Rev. Alfred Andrews will deliver addresses. Music and other exercises will be provided.

—At the Queens: D. R. Parsons, Detroit, Mich.; E. E. Eymon, H. Insull, J. W. Hardy, W. J. Cowan, J. J. Smith, C. Genthon, Winnipeg; J. F. Guerin, Whitewood; J. P. Dill, J. W. Fraser, H. F. Benton, Wolseley, J. Royal, J. Tuernine, E. Pandis, St. Boniface; E. Dowd, Indian Commissioner, G. W. Roberts, Regina; Fred White, Ottawa; Amos Forry, Calgary; H. M. Griffin, Toronto.

—The series of meetings held along the line of the C. P. R. this week have been most successful for Mr. Perley. Let there be a grand rally this afternoon at 14 o'clock in the immigrant building. The speakers on Mr. Perley's behalf will be Messrs. C. H. Macintosh, ex-M.P., and M. F. Donaghy, Ottawa, and T. M. Daly, M.P., Brandon; on the half of Mr. Pickle, Messrs. Armstrong, Carleton; S. J. Gineas, St. Thomas; F. Lemieux, Montreal; Levi Welch, Selkirk; W. Sutherland, Fort Qu'Appelle; J. Carman, Grand Forks.

Strengthen the Government that has done so much for the Northwest by voting for Perley.

MAGIC LANTERN ENTERTAINMENT.

On Friday evening at 20 o'clock, in the Methodist church in this town, an exhibition will be given by the use of one of the best Paris (France) lanterns with triple burner. Over 120 different scenes will be exhibited, comprising scenery, scriptural illustrations, statuary, public buildings, comic pictures, &c. Some of the subjects will be shown with movable slides. Entrance 25 cents, children 10 cents. Proceeds to aid the parsonage fund.

WE WONDER

—What the next election will be?
—When that boodle will eventually?
—How much more snow will fall before winter is over?
—Whether Qu'Appelle could get along without having an election on hand?

The Eastern part of the District will poll a Big Majority for Perley. Let the West be ahead of the East in that respect.

THE PRESBYTERY OF REGINA.

A meeting of this Presbytery was held at Moosejaw on the 1st of March. There was a good attendance of ministers and missionaries and a considerable amount of business was transacted. The Rev. Alex. Urquhart, of Regina, was appointed moderator for the coming year. A minute was adopted in reference to the death of Mr. McKay, missionary teacher at Ft. Pelly. It is as follows: That we hear with deep sorrow of the death of our co-laborer, Mr. C. G. McKay, who has been engaged in teaching and mission work among the Indians of Crow Stand, Ft. Pelly; that we express our high appreciation of the service rendered in that remote field; that we recognize the self-denying labors in the midst of discouragement and shut out from the blessings and comforts of civilization, and pray that God may follow with a rich blessing the work now brought to a close; we further wish to express our sympathy with the bereaved wife and child and commend them to the prayers and sympathy of the church and to the care of our Heavenly Father.

A report from the H. M. Com. was received and a deliberation passed upon a proposed reduction of salaries, on traveling expenses and reported deficits. Standing committees for the coming year were appointed as follows: (1) Synod's Home Mission Com. Messrs. Urquhart, Taylor and H. McKay. (2) Synod's Com. on Bills and Ordinances, Messrs. Urquhart and Hamilton. (3) Presbytery's H. M. Com., Messrs. Taylor (convenor), Hamilton, Nicholl, Urquhart, ministers, and Alexander, elder. (4) Foreign Missions, Messrs. H. McKay (convenor), Dr. Jardine, Gaudes, Urquhart, ministers, and McCaig, elder. (5) Sabbath observance, Messrs. Robinson (convenor), Moore and Herald. (6) Temperance, Messrs. Hamilton (convenor), Dr. Jardine, Gaudes and Nicholl. (7) Sabbath Schools, Messrs. G. McCaig (convenor), Gaudie and Matheson. (8) Finance and Statistics, Messrs. Taylor (convenor), Hamilton and Ferguson, elder. (9) State of Religion, Messrs. Herdman (convenor), Gaudes and McMillan. (10) Examination of Students and Licentiate, Messrs. Hamilton (convenor), Dr. Jardine, Baird, H. Robinson, A. Robertson, Taylor, Nicholl, Gaudes and Moore. (11) Presbytery Fund, Messrs. Alexander (convenor), Robinson and Quillie. The following were appointed Commissioners to the General Assembly meeting at Winnipeg in June: Messrs. Fotheringham, Herald, Jardine, Herdman and H. McKay, ministers, and Messrs. McCaig, Alexander, Leith and C. M. Copeland and Justice Taylor of Winnipeg.

In the evening of Tuesday there was a good attendance at the services held for the ordination of Mr. Ogilvie, of Whitewood; Mr. Urquhart presided. Mr. McInnes preached; Mr. Nicholl addressed the ordained and Mr. Robinson the assembled congregation. After ordination Mr. Ogilvie was received by the Moderator and members of Presbytery, and his name placed upon the Roll. The Rev. W. C. Burn of the Methodist Church, Moose Jaw, was invited to sit and correspond with the Presbytery.

A petition from Prince Albert asking for a loan of \$2000 to aid in building was placed in the hands of the H. M. Com. after which the recommendation that it be granted, if advisable on report of necessary information.

Intimation was given of applications for the reception of Messrs. Burrell and D'Argent as ministers of the church. A petition in favor of the division of the Presbytery was received and Messrs. McKay, Herdman and Herald were appointed to draft an overture in favor of the prayer of the petition and support the same at the meeting of Synod and Assembly. An overture in reference to the standing of elders laboring as Catechists was received and Messrs. Herdman and Fotheringham were appointed to support the same in the higher courts. A resolution was passed calling upon congregations to support as liberally as possible the various church schemes. The name of Mr. Moore was ordered to be sent to the Foreign Mission Committee with the recommendation that he be employed in foreign work. The next meeting was appointed to be held at Qu'Appelle Station on the first Tuesday in May next.

Each tender must be accompanied by an accepted cheque, approved by the Indian Agent for the District, for at least five per cent. of the amount tendered, which will be forfeited if the tenderer declines to enter into a contract based on his tender when called upon to do so, or if he fails to fulfill his contract to the satisfaction of the Department. Tenders will be entertained for a portion or for the whole quantity of flour required at any given point.

Tenderers residing near one Agency but desiring to tender for delivery within another Agency, may tender for delivery at both tenders and samples for the most distant, at the nearest of the Agencies specified above, or within the Indian Commissioner at Regina. Samples for reference, if desired, to unsuccessful tenderers on their application, and the sample submitted by a successful tenderer may be conveyed by him as a delivery on account of his contract.
